GETTING THERE

Currently, the entire system is hosted in our local servers and can be accessed by all computers who are in the network and those who have internet access within and outside SPMC premises. It is web-based. Thus, there is no need for any software installation on computers.

Kindly open your Google Chrome browser or Mozilla Firefox, type <https://trackit.spmcdvo.net/> in the address bar, and press the enter key. If you can see the following image below, then you are on the Track It System. If not, check the address bar and type the correct URL.

HOW TO LOG-IN?

- 1. Once you are already on the website, kindly type in the assigned username and password. Username should be typed in the **Username** field while password should be typed in the **Password** field. Afterward, click the **Login** button

1

Log in to continue

Username

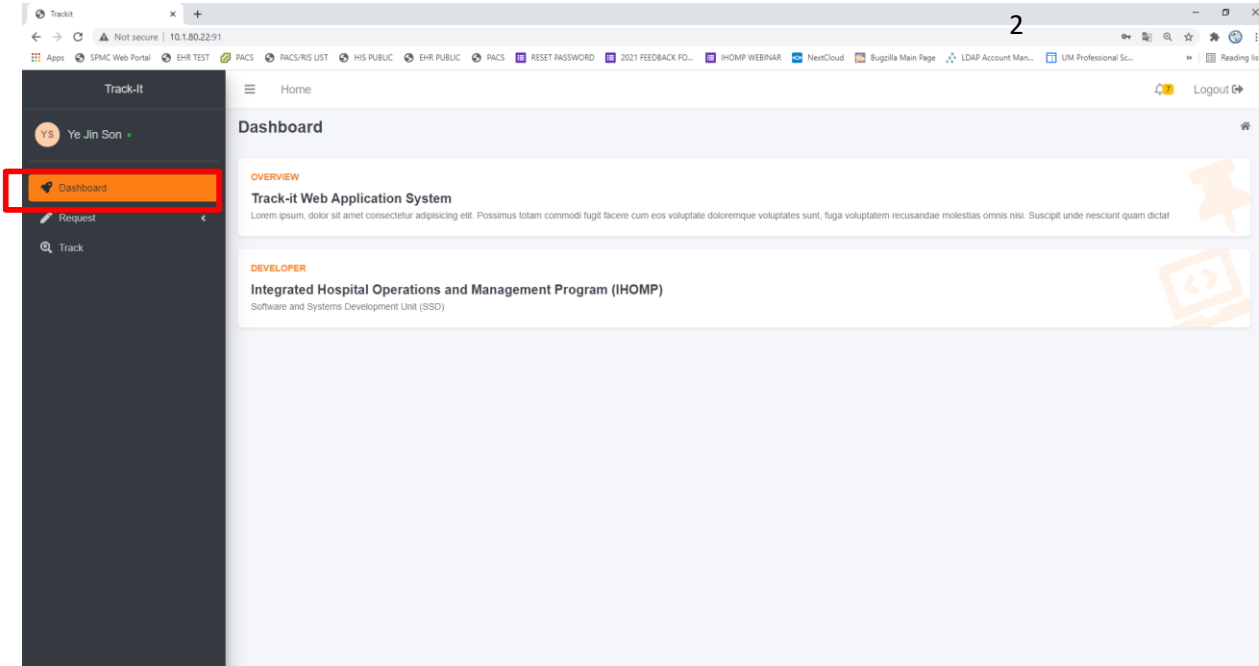

Password

Login

Note:

- Your password can't be too similar to your other personal information.
- Your password must contain at least 8 characters.
- Your password can't be a commonly used.
- Your password can't be entirely numeric.

You will be met with the Dashboard of the system when you have successfully logged in. (active and matched)

(Inactive and unmatched)

Log in to continue

- Please enter a correct username and password. Note that both fields may be case-sensitive.

Login

HOW TO MANAGE USER PROFILE?

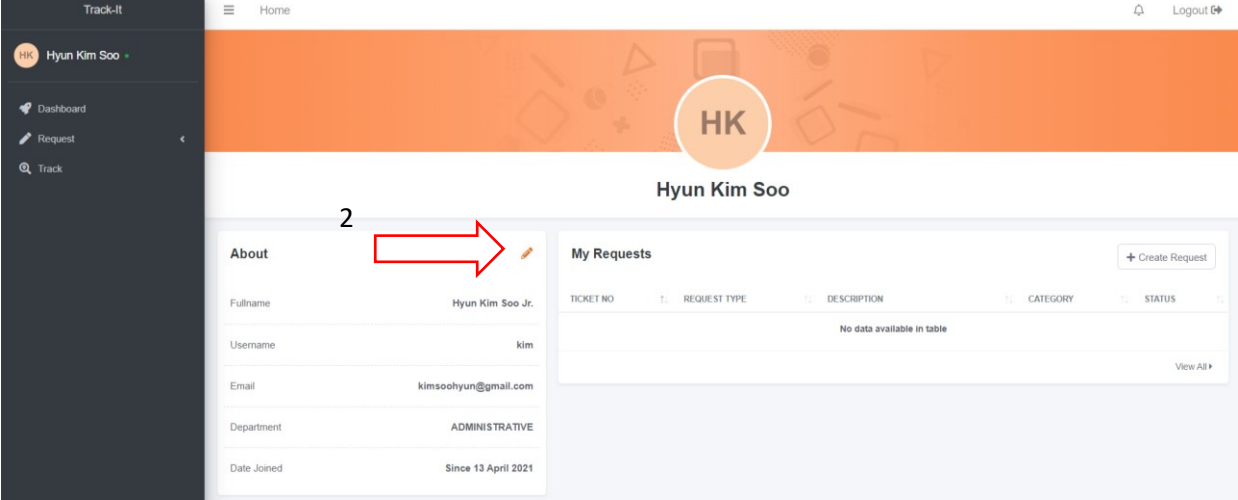

1. Click your name (user profile) on the upper left side tab.

1

The screenshot shows a web browser window with the URL 10.1.80.22:91. The page title is "Track-It". The dashboard has a dark sidebar on the left with a user profile section at the top showing "HK Hyun Kim Soo" with a dropdown arrow. Below this are links for "Dashboard", "Request", and "Track". The main content area is titled "Dashboard" and contains two sections: "OVERVIEW" with the heading "Track-It Web Application System" and "DEVELOPER" with the heading "Integrated Hospital Operations and Management Program (IHOMP)". A red arrow points to the user profile section in the sidebar.

2. Click  pen icon to update user profile.

3. Update the necessary fields (marked with *) under Personal Information tab
